Task_02

1. Creating a model that looks like this picture with all the details, even the colors.
2. Create an animation using the up and down buttons. When you press the top button, the logo appears, and when you press the bottom button, the logo disappears.

You must upload a screenshot from the output, rename it by name and id, and upload file.cpp .
If you upload the task late, it will be reduced by half a degree, and if you upload it without renaming it with the name and id, it will be reduced by half a degree.
Deadline for this assignment is Monday 5 December.
